BOARD OF PUBLIC WORKS AND SAFETY

Regular Meeting April 12, 2016

The regular meeting of the Board of Public Works and Safety of the City of Shelbyville, Indiana, was held in the Council Chambers of City Hall on Tuesday, April 12, 2016, at 8:30 A.M. Mayor DeBaun was absent, and Mr. Williams presided.

Mr. Finkel moved to approve the minutes of the previous meeting held on April 5, 2016, and Mr. Williams seconded. The motion was carried on a 2-0 voice vote.

Mr. Finkel moved to approve the claims as presented, and Mr. Williams seconded. The motion was carried on a 2-0 voice vote.

Under old business, Street Commissioner Jennifer Jones mentioned that there would be no recycling picked up this week because of spring cleanup going on throughout the City.

Under new business, Main Street Shelbyville Executive Director Brandy Coomes said she had a few requests for some closures of seasonal events from May through September. For the first Friday event in May, she asked to close the interior Circle parking at 2:00 P.M. for a setup of events of a car show and a presentation of thoroughbreds from the race track. If the car show gets full, then they'd like to go down E. Washington St., past First Mortgage Bank, after 5:00 P.M. For Farmers Market events, it will start May 21, and go through October 1, running on Saturdays from 8:00 A.M. until 12 noon. They're requesting the overnight Friday closure that the Police Department assists them with, and then the Police reopen it after 12 noon Saturday. There would be closures from July 6 through September 21 for the Wednesday evening Farmers Market, closing after 1:30 P.M. for a 3 o'clock setup. The last closure would be on September 24 for the Bicentennial Beer Fest, on the west side of the parking Circle, at 2:00 P.M. to set up for the 5 o'clock event. Mr. Finkel moved to approve the requests, and Mr. Williams seconded. The motion was carried on a 2-0 voice vote.

Water Resource Recovery Facility Superintendent Brad Fix wanted everyone to know that work will start this week on the south 9 project for sewers that have been going on for two years. He said D & D Hunt will start south of McKay Road before getting to the bridge, putting in new structure on the west side of the road, move the sewer line over, and connect with the line that runs along the ditch there. He said the City has a State permit to do the work, and the State has approved all of the work to be done.

Mr. Fix said repairs on McKay Road might not start until the summer or fall, and maybe not until next year, because of various things that still need to be done.

There being no further business, Mr. Finkel moved to adjourn.

Robert E. Williams
Board member
