Please Mr. Rude, do not allow the building of a Dollar General Store on the corner property at Twin Lakes Blvd and McKay Rd. My husband, James Boling and I think it would be so dangerous to the many Seniors & Children living in the area. I thought Progress Road was supposed to be a by-pass around Shelbyville, not a shopping area. There are already too many semi-trucks and dump trucks traveling on Progress Road, passing through that intersection. They don't need any distractions.. I used to walk that trail and had to quit because of all the trucks. Shelbyville already has 2 Dollar General Stores. Why do we need another one? Walmart & Kroger are just down-the-road.

Thank you,

Victoria Boling
