Title VI Civil Rights Compliance Reviews

The City of Shelbyville, Indiana performs annual reviews to determine overall compliance with Title VI of the Civil Rights Act of 1964, which prohibits discrimination against person(s) based on race, color, national origin, disability, sex, age, low income status or limited English proficiency in programs or activities, receiving Federal financial assistance. The City of Shelbyville performs annual reviews through interviews and document reviews within each department.

Data collected will be analyzed to conduct an appropriate benefits and burdens analysis. When an issue arises, via complaint or otherwise, the City will evaluate whether or not changes in policy or practice are appropriate as part of the resolution of the issue.

Limited English Proficiency (LEP)

This Limited English Proficiency Plan has been prepared to address the City of Shelbyville, Indiana responsibilities as a recipient of federal financial assistance as they relate to the needs of individuals with limited English language skills. The plan has been prepared in accordance with Title VI of the Civil Rights discrimination on the basis of race, color, National origin, disability, sex, age, low income status or limited English proficiency under any program or activity that receives federal financial assistance.

Executive Order 13166, titled *Improving Access to Services for Persons with Limited English Proficiency*, indicates that differing treatment based upon a person's inability to speak, read, write, or understand English is a type of national origin discrimination. It directs each federal agency to publish guidance for its respective recipient clarifying their obligation to ensure that such discrimination does not take place. This order applies to all state and local agencies which receive federal funds, including all City of Shelbyville departments and divisions receiving federal grant funds.

In developing the plan while determining the City of Shelbyville's extent of obligation to provide LEP services, the City of Shelbyville undertook the U.S. Department of Transportation's four-factor analysis which considers the following facts:

- 1. The number or proportion of LEP person in the service area who may be served or are likely to encounter a City program, activity, or service.**
- 2. The frequency with which LEP individuals come in contact with a City program, activity, or service.**
- 3. The nature and importance of the program, activity, or service provided by the City to LEP community.**
- 4. The resources available to the City and overall cost to provide LEP assistance.**

Language Assistance

A person who does not speak English as their primary language and who has a limited ability to read, write, speak, or understand English may be a Limited English Proficient person and may be entitled to language assistance with respect to the City of Shelbyville's programs and activities. Language assistance can include interpretation, which means oral or spoken transfer of a message from one language into another language and/or translation, which means the written transfer or a message from one language into another language. The City of Shelbyville will determine when interpretation and/or translation are needed and are reasonable. How the City of Shelbyville staff may identify if an interpreter is needed or if an LEP person needs language assistance:

- Examine records to see if requests for language assistance have been received in the past, either at meetings or over the phone, to determine whether language assistance might be needed at future events.
- Have Language Identification Flashcards available at City events near the registration table and at customer service areas easily accessible to the staff. Individuals self-

identifying as persons not proficient in English may not be able to be accommodated with translation assistance at the time, but it will assist in identifying language assistance needs for future events.

Although there is a very low percentage in the City of Shelbyville of LEP individuals, that is, persons who speak English “not well” or “not at all”, the City of Shelbyville will strive to offer language assistance using the following measures.

- If an individual asks for language assistance and the City of Shelbyville determines that the individual is an LEP person and if language assistance is necessary to provide meaningful access. The City of Shelbyville has the discretion to determine whether language assistance is needed, and if so, the type of language assistance necessary to provide meaningful access.
- When an interpreter is needed, in person or on the telephone, staff will attempt to determine what language is required and access the language interpreting service provided to the staff.
- The City of Shelbyville will periodically assess the need for language assistance based on requests for interpreters and/or translation.

Title VI Goals/Accomplishments

The City will publish annually its Annual Goals and Accomplishments Report.
